- 4 **Report on matters arising from minutes**

 - i. Planning Application 03/01935/AS 45 Westfields: Garage. A letter had been received from Ashford Borough Council regarding the PC's request that this application be referred to the ABC plans committee and replying to the PC's concerns expressed. Mr Ashby, having declared what was now considered a prejudicial interest since he had had some minor financial arrangements with the applicant over other matters, withdrew from the discussion.
After some discussion, it was agreed (voting 3 – 3 plus the chairman casting a vote in favour) that the PC would not now request that the application go to committee, especially in view of the fact that ABC reported that Kent Highways did not consider there would be a problem with the access to the rear of Shiplands Houses. It was noted that the parish council continues to have serious worries over the safety of children playing in the vicinity.
 - ii. 03/01994/AS Pivington Mill – first floor extension with new corrugated pitched roof. **ABC permission granted:** noted.
 - d. **Allowances for Parish/Town Councillors:** it was noted that the proposed charge would only be £10 per parish council if every council within the Ashford borough subscribed to the decision to pay expenses to parish councillors. It was agreed that Pluckley Parish Council would continue with the status quo and not pay allowances therefore it was proposed by Peter Campbell, seconded by Ann

Murray, that Pluckley Parish Council do not support the payment of expenses to parish councillors and would therefore will not need to contribute to the costs of the panel.

- e. **KPA News:** this was circulated to all members prior to the meeting.

 - i. **Ashford Borough Council TPO:** Greystones. **Noted.** The clerk would send a copy to Mr Mengham the Tree Warden
 - j. **Parish forum:** the chairman's report was circulated. The next meeting was Tuesday 30 March and the deadline for items for the agenda was 27 February. It was noted that such items would required a short presentation.
 - k. **Lark FM:** letter requesting support for their bid to supply a radio service for Ashford. It was agreed that, since radio reception did not extend to Pluckley, the council would be unable to offer any significant support
 - l. **Ghost tours:** an email via the website suggested Ghost tours of the village. The parish council would not initially object if someone was prepared to carry out the enterprise.
 - m. **Precept:** Ashford Borough Council had confirmed the request of Pluckley Parish Council for a precept of £15,500 plus the concurrent grant of £1,091.33.
 - n. **Other items:** these were circulated at the meeting
- 6 **Planning:** To consider the following planning applications
- o. 04/00042/AS (DEL) Pivington Mill – Steel framed building adjacent to Unit 6A – Swifts Upholstery. **PC Decision: support.**
 - p. 04/00090/AS (DEL) Frith Court Farm, The Pinnock – side extensions on hay straw barn to contain potatoes feed stuffs grain for beef unit & surplus machinery. Mrs Gwillim, having declared a prejudicial interest in as much as the applicants were her husband's brother and nephew, withdrew from the discussion, **PC Decision: support** but comment that the PC would like to see screening using native species such a maple and hawthorn and that the colour of the roofs should be in a dark matt green. The PC understood that a matt finish to such roofing materials was now available.
 - q. 04/00105/AS (DEL) Tramhatch, Barnfield, Charing: conversion of existing barn forming ancillary accommodation **PC Decision: support**

 - i. 03/03905/AS Weeks Garage – Demolition of garage premises, erection of two live work dwellings: **Interests declared – none; Decision – object**
The clerk was asked to request that this application goes to committee if Ashford Borough Council are inclined to permit the application.

- b. **Brickworks Committee:** see page 939.
- c. **Rural Transport Initiative (Wealden Wheels)** The vehicle had been ordered. Two jobs were being advertised – for a co-ordinator and a driver.
- d. **Village Hall Committee:** minutes of the meeting on 26 January were circulated prior to the meeting. It was noted that Maplin electronics had cameras operated by PIR sensors for sale. - e. **Hog Fair Committee:** the next meeting had been arranged for Thursday 18 March at 8pm.
- f. **Finance Committee** Alan Davies offered to undertake the next Internal Audit before the end of the financial year. It was noted that the Audit Commission's deadline for the 2003/4 accounts was 31 August 2004.

9 **Recent actions taken on behalf of the council by the Clerk.**

- a. The clerk had requested David Heasman include the steps by 12 Shipland Houses on his cleaning schedule. Members also suggested that he be asked to clear the top of the recreation ground and the area by the Black Horse 'pill box'.
- b. The clerk had heard that Mr Asgari of Daniels Farm had applied for a certificate of change of use to free range egg production. The farm was currently on the market for £675,000. Members expressed their concern, especially as they had understood that the current enterprise had ceased due to financial difficulties and that their understanding was that all buildings on site had to be removed if the venture closed.
- c. Having written to Mr Joynson of Kent Highways regarding several outstanding issues within the village, the clerk had received a reply, a copy of which she had passed to Mr Wickham. The substance of the replies being:

An estimate for £94 plus vat had been tendered. **It was resolved to ask Mr Missing to carry out the repairs**
- 13 **Estimates** for printing the Village Design Statement were considered. Three estimates had been obtained: Wealden Advertiser £1,745; Romar Stationery £1,566.30; and Rother Valley Press, £830. **It was resolved to give the job to Rother Valley. It was further resolved to pay Mrs Grebby for the time taken to design and typeset the VDS.** (£992)

Planning applications:

04/00394/AS: New Application from Mr & Mrs Harrison, Lower Thorne Farm, Smarden Road: Full Application for addition of porch to front entrance & erection of 2 bay garage with storage area. **It was resolved to Support the application**, but comment that feel that the garage seems over large and concerned that it does not become a residential extension to the property. Plans committee: meeting held on Monday 26 April, 8pm in the village hall. **Present:** Alan Davies (Chairman), Russell Keep, Ann Murray, Trevor Oliver, Mr & Mrs C Thomas, and the Clerk to the Council. **Apologies for absence:** James Ashby **Declaration of Interests:** There were no declared interests
The following Planning applications were considered:
 - i. 04/00625/AS (DEL). Gwavas Vean, Station Road. One replacement dwelling, two storeys. **Decision: support** but comment that there are some reservations regarding the height of the property.
 - ii. AS/02/15 Former Pluckley Landfill Site, Chambers Green Road – details pursuant to condition 3 of permission AS/02/15 – proposed landscaping details. **Decision: support but comment** that While supporting the application for hedging on the south of the site, the committee would prefer to see native species planted such as hawthorn (42%), blackthorn (13%), field maple (13%), dogwood (6%), dogrose (3%) and hazel (22%) as these are definitive English hedgerow constituents. They appreciate that the proposed planting was mainly evergreen, but point out that this would also make it a very dark and out of keeping with the countryside, especially in winter months. They also query why a proposal to plant an occasional tree/shrub around the rest of the perimeter has not been suggested.

- b. Brickworks committee – Janet Gwillim reported that the committee would be meeting shortly to consider Ashford Borough Council’s reply. It was noted that there had been no application made for a waste management licence.
- c. Fete committee The minutes of the last meeting had been circulated and were noted.

- d. Transfer of £3,000 to VH account. Following the receipt of the annual precept it was agreed to donate £3,000 to the village hall account.
- e. Following a meeting with the community officer, it was understood that Weald Police would be carrying out a ‘blitz’ on unlicensed vehicles.
- 17 The request of the clerk to purchase specialist software: namely Adobe Creative Suite from Phoenix was considered. After some discussion it was agreed to purchased this at the special discount offered to parish councils.

- 19 The recommendations of the Annual Parish Meeting. Draft minutes having been circulated to members prior to the meeting, it was agreed that the parish council support the wishes of the parish meeting. The clerk was instructed to pass these on to Kent Highways.
- 20 The matter of the Station Parking restrictions was considered: The clerk reported that from the total 45 letters sent there had been 15 replies, of which 8 were in support of the proposed ‘no waiting at any time’ restrictions. In view of the fact that a 50% mandate was required to carry out this project it was apparent that it would not be going ahead. The clerk was requested to ask if Highways would reconsider a one-hour restriction, although at a recent meeting they had been adamant that this was no longer feasible.

She had also been contacted by the Clerk to Kingsnorth PC who had a unused barrow surplus to requirements. It was agreed that the clerk would ascertain whether Mr Russell could repair the existing barrow, and if not go back to Kingsnorth, find out if it was suitable and how much they were prepared to sell it for.
 - b. **Hedge cutting:** the clerk reported that the letter to Mr Highwood had been sent.
 - c. **Victoria Cottages:** Andrew Wickham had visited the area. It was understood that it had now become a police matter involving harassment. The PC was aware that some people in the area were intimidated. It was noted that the fly tipping on the opposite side of Lambden Road had been moved.

- a. The following Planning applications were considered**
- a. 04/01125: Oven Green, Smarden Road: change of use of land for erection of Garage/Store and driveway. Mr Campbell declared a prejudicial interest, being the applicant, and left the room whilst the matter was discussed. It was resolved to support the application (proposed Trevor Oliver, seconded James Ashby).
 - b. AS/04/TEMP/0033: Pluckley Landfill, Chambers Green Road: variation of condition to allow increased frequency of tanker movements for the disposal of leachate. It was resolved to support the application
 - c. AS/93/1204/R18: Pluckley Quarry, Smarden Road: details of previous permission for dewatering and discharging. It was resolved to support the application
- b. To receive reports from committees**
- a. **Plans Committee, 28 June 2004:**
Present: Alan Davies, Ann Murray, Russell Keep.
It being the first meeting of the committee since the annual parish council meeting, Ann Murray proposed and Russell Keep seconded that Alan Davies be re-elected chairman for the ensuing year. Carried nem con.
The following applications were considered:
 - i. 04/01031: Fig Tree Cottage, erection of stud wall in bedroom to form shower room/toilet. It was resolved to support the application and to comment that the committee would be most surprised if the application was not granted in view of the complete lack of external impact that the alterations would have on the building. There would be no detrimental effect on the conservation area (policy EN15) nor would the alternation cause the loss or damage to the historic fabric of the building (policy EN21). A request was made for the application to be placed before ABC plans committee if council officers did not concur.
 - ii. 04/00934: 5 Dering Terrace, Station Road. Loft conversion. It was resolved to object to the application and to comment that it does not meet the criteria set down in policy EN16 for a conservation area; that 'velux' windows would detract from the established character of the building; to regret that a comparison was made with an adjoining property, which is not consistent with the rest of the terrace and should therefore not be used as a precedent; and that the inclusion of 'Dering' style windows is inconsistent with the current fenestration.). A request was made for the application to be placed before ABC plans committee if council officers did not concur.
 - b. **Wealden Wheels:** Alan Davies reported that revenue is below target, with 21 organisations registered – none of which are from Pluckley. Charing Surgery had joined.
 - c. **Hog Fair:** the clerk presented a current breakdown of finances reporting that there was still some money to come in – in particular from advertising in the programme. She further reported that there was a quantity of T-shirts remaining unsold and in the possession of the PC. It was resolved that the council hold the stock of T-shirts and bear the cost until such time as another Hog Fair is held when they might be marketed again. It was understood that Alan Davies had been volunteered to co-ordinate/chair next Hog Fair committee and both the chairman and clerk wished him good luck.
- c. To approve recent actions taken on behalf of the council by the Clerk and to receive a report regarding items needing attention.**
- a. The clerk reported that the village hall had been booked for a public meeting on 30 July to discuss the situation regarding rail services. Damian Green, MP would be attending. She had supplied several posters and flyers advertising the event. It was resolved that the

council would support the initiative and that under the circumstances cost of hall hire should be either waived, if the village hall committee concurred, or be met by the parish council.

- b. John Bridgman had contacted the clerk requesting a lease for his junior football club. This club apparently meets on Saturday mornings on the recreation ground. The cricket club had approached him with a request that he applies for grant funding towards the new sports pavilion but they also told him that he needed to provide a lease agreement to show that he was a bonafide applicant. The clerk had not had an opportunity to consult the lease agreement between the PC and the cricket club, nor with the cricket club themselves, but thought it might be easier to change a clause within the current lease to enable to cricket club, with the approval of the PC, to sub-let the ground. The clerk was requested to consult the relevant documents and, if she thought necessary, with the council's solicitor.
- c. The clerk reported that a resident and her dog had been attacked by another dog on Forge Hill. The occurrence had been reported to the police.
- d. **The state of the perimeter of the Westfields Estate** was considered. The clerk had received a letter of complaint from a resident in Egerton Road. It was acknowledged that, while the occupants of 21 Westfields were most assiduous in keeping the corner tidy, many of the occupants, in particular those whose properties backed onto Egerton Road, rarely if ever looked after their portions. The clerk was requested to write to all occupants of Westfields properties backing onto both Egerton Road and Smarden Road requesting that they carry out essential upkeep of that part of their property. It was noted that some of the houses were in the ownership of housing associations, Simon Crookston had this information and would pass it on to the clerk.
- e. **The current situation regarding Broadband access** for the village was discussed. Although contractors for BT had informed both the clerk and Mr Davies that the exchange was now fully wired for ADSL and that all that remained was for BT to commission it, BT had announced that it would not be available until 18 May 2005. The clerk was requested to write to Damian Green MP and ask for his assistance in putting pressure on BT to accelerate the time scale.
- f. **Finance:**
- a. Annual Return. The accounts and annual return, having been circulated to all members prior to the meeting, it was resolved that they be approved and that the chairman and clerk should sign the documents (proposed A Davies, seconded T Oliver)

 - a **Street cleansing barrow:** There was nothing further to report. The clerk would contact David Heasman to see if the matter had been resolved.
 - b **Victoria Cottages:** Although the earlier fly tipping had been removed, more had appeared. It was understood that this was a shed belonging to the tenant of No 3, and had included his tools. This had been removed by ABC before the tenant was able to reclaim his possessions. It was noted that vehicles parked at the lay-by and not showing a current RFL were being moved. DVLA had been informed. It was agreed the council would write formerly to both ABC (Housing) and Weald Police voicing members' concerns over the situation.
 - c **Railway Public Meeting:** it was estimated that approximately 100 people had attended the meeting, although the clerk had received no official report. It was understood Damian Green, MP had agreed to put pressure on the relevant governmental departments and that a survey would be carried out in September
 - d **Westfields:** the clerk reported that Kent Highways had the remit to require tenants to keep their boundaries cut back from highways, and to take action if this was not done. It was agreed that she would action this as soon as possible. It was also agreed that the PC should have a copy of plans and any covenants relating to the Westfields properties. The chairman requested that she be deputed to visit Land Registry. This was agreed and the chairman would have the information for the next meeting.

9 ABC Affordable Rural Local Needs Housing Criteria consultation document [as circulated] It was agreed to set up a committee to consider the document. Members would be James Ashby, Janet Gwillim, Ann Murray, and Peter Campbell. A meeting would be held on Monday 16 August, 8pm at The Old Forge and the resulting decision would be reported back to the clerk.

10 Change of bank account for the Hills & Other Unknown Donors Charity from Lloyds to Alliance & Leicester: The clerk requested that to facilitate the easier processing of funds a new bank account was set up, to operate from the local Post Office. It was noted that although no interest would be forthcoming from the Alliance & Leicester, the level of interest received from Lloyds amounted to approximately £2.75 per annum. It was agreed that the clerk be requested to set up the account as soon as possible with the Alliance & Leicester..

11 To approve recent actions taken on behalf of the council by the Clerk and to receive a report regarding items needing attention.

- a **Hog Fair.** The clerk had received a letter querying the non-receipt of a prize for a 'guess the dog's name' competition. The clerk was unaware of such a competition. She had contacted, via email, as many people as possible involved with the event, but so far had had no reply.
- b **Phantoms FC:** the clerk had spoken with both the cricket club and Thorneloe Solicitors and had advised Pluckley CC that they should draw up a sub-lease for 21 years on behalf of the football club. She asked that members therefore give their official permission allowing Pluckley CC to sub-lease the ground to the Phantoms FC. This was agreed. The clerk was requested to contact the school once it reopened after the summer break to ascertain whether there was a need for the larger football posts to be erected on the recreation ground, in view of the fact that both the Phantoms and the school used smaller, portable posts.

12 Additional items for next agenda

- a **First Aid Course**

13 Date of Next Meeting: Monday 13 September 2004, 8pm

There being no further business the meeting closed at 9:50pm

Pluckley Parish Council, Brickworks Sub-Committee.

Minutes of meeting held on Wednesday 13 September 2004, 8:10pm, in Pluckley Village Hall

Present: James Ashby, Jessamy Blanford, Brian Bristow, Paul Ellard, Janet Gwillim, Ann Murray, Paula Woolner.

Clerk to the Council: Jackie Grebby.

- 1 Apologies for absence: These were received from Alan Davies and Ian Mills.
- 2 Election of Chairman for the ensuing year. It was proposed, by Paul Ellard and seconded by Jessamy Blanford, that Janet Gwillim be re-elected chairman for the ensuing year. Carried Unanimously.
- 3 The minutes of the last meeting, held on Wednesday 11 February 2004, were read and approved.
- 4 Update on current issues:
- 5 Ashford Borough Council reply to PC's letter of 7 January 2004. The chairman read this out. It was noted that ABC was merely updating the parish council on the actions they had agreed to undertake at 4 November meeting rather than replying specifically to the PC's letter. The clerk was requested to write to ABC noting this.
- 6 Activity at the site: It was understood that recent operations at the site included the spraying of weed killer over a large area. Members expressed concern especially since ABC had commented that there were specimen oaks and possibly important flora and fauna on the site. It was agreed that a letter would be sent to ABC voicing the committee's concerns and requesting that the recommended survey be carried out even though the application for a Waste Management Licence had apparently not yet been made.
It was also suggested that the chimney, an important landmark, should be considered for Listed Building restrictions. Paula Woolner would research this option and report back as soon as possible, via the clerk who would then write.
- 7 Any other business
- 8 Publicity: the importance of keeping the brickworks initiative in the public eye was discussed.
- 9 It was agreed that, if the PC was producing an autumn newsletter, then an update should be included.
- 10 A fundraising activity was discussed and, while an event in November was preferred, it was agreed that realistically the New Year would be easier to promote. A date of 22 January was agreed.
- 11 Other uses for site: although the remit of the sub-committee was to fight it as a construction waste recycling centre, the owners had still not made an application for a licence. It was possible that they may have formulated new plans. It was agreed that the clerk should write to the owners inviting them to make a presentation of their plans for the site to the parish council at their earliest convenience.
- 12 Date of next meeting: Wednesday 10 November, 8pm in Pluckley Village Hall.

There being no further business the meeting closed at 9:15pm.

Pluckley Parish Council, Brickworks Sub-Committee.

Minutes of meeting held on Wednesday 8 September 2004, 8:05pm, at Rushbrook Bungalow

Present: Janet Gwillim (Chairman), Stephanie Banham, Ann Murray, Alan Davies, Russell Keep, Paul Ellard, Paula Malpeli, James Ashby, Jessamy Blanford, Brian Bristow, Jackie Grebby.

- 1 Apologies for absence: No apologies had been received.
- 2 Minutes of the meeting held on Wednesday 1 September. These were noted.
- 3 The chairman opened the meeting by thanking all those who had been able to attend this emergency meeting apologising, that due to a booking at the village hall, it was not possible to hold the meeting there.
- 4 The clerk distributed copies of a communication received on Saturday 4 September from KCC Councillor Richard King. From this it appeared that an application for a waste management licence (WML) had been made by Clearers (SE) Ltd to the Environment Agency some months ago.
- 5 It was understood, the timeline for recent events was:
 - a 14 June 2004 – NJW Associates produce Version 4 of the *Working Plan for Pluckley Waste Recycling Centre*
 - b 15 July 2004 – Consultation letter from EA to KCC
 - c 16 August 2004 – Reply from KCC to EA (copied to ABC, Mark Davies)
 - d 18 August 2004 – KCC email Cllr Richard King
 - e 3 September 2004 – Richard King back from holiday, emails Pluckley Parish Council
 - f 4 September 2004 – email received by clerk.
 - g While the consultation period was 4 months, it was unclear when this period commenced.
- 6 Consultation:
 - a The clerk reported that there was on file a letter from the EA that undertook to add the parish councils to the list of consultees when the Waste Management Licence Application had been received. This had not been done. On speaking to the EA, she was told that it was the understanding of the officer in charge of the application that either KCC or ABC would pass the information on to Pluckley PC.
 - b KCC reported that their understanding was that all paperwork should initially come from the EA, but that if there was a difficulty then KCC would help. KCC was consulting with ABC and had requested an extension.
 - c ABC reported that the paperwork had been sent to their Environment Department, rather than Planning. Planning had only become aware of the issue during the past week. They were putting together a case and had requested that Kent Highways would be given an opportunity to comment. ABC was also requesting an extension.
 - d The EA had faxed across the 'Working Plan' and the 'Licence Conditions' for the application, but was unable to send the relevant maps as they had been produced on A0 sized paper. The clerk was attempting to get all the documentation from KCC via Richard King and had also requested the same from ABC. It was understood that ABC, although willing to pass on copies to the parish council, would first have to get permission from the EA before doing so.
 - e The clerk proposed to send a letter to the EA showing the council's disappointment at the EA's neglect in consulting with the PC. After much discussion, the meeting decided that any letter should be couched in amenable terms so as not to alienate the EA even though the agency was considered to have been negligent.
 - f A wide-ranging discussion followed regarding copies of the WML application papers. Although the clerk would be requesting copies from the EA, KCC, and ABC in writing, it was thought that personal visits to the EA should be made by various members to get copies of the WML application.
- 7 The way forward:
 - a A further wide-ranging discussion considered a possible meeting with the EA. While some felt it would be better to formulate a coherent case against the granting of the WML before meeting with

the EA, others argued that a meeting with the EA, preferably with the head of the Agency, should take place as soon as possible even though it might mean that members of the PC attending the meeting would not be fully acquainted with the facts.

- b The clerk reported that she was still in possession of numerous letters addressed to the EA and sent for safe keeping to the PC until such a time that a WML application had been made. This was done at the request of the EA who, until an application had been made, had no file in which to store such letters. It was agreed that, before the letters are forwarded, a careful study would be made and all salient points noted. (Janet Gwillim would undertake this.) These would form the basis of any comments that the sub-committee would make in objection to the WML. Further discussion followed as to when the said letters should be passed to the EA – should they be sent immediately, or with the PC's comments. There was also the matter of the petition.
- 8 Publicity: A newsletter/flyer and posters should be produced as soon as possible and the website updated. The Kentish Express must be kept informed of the situation.
- 9 Next meeting: this would be called as soon as there was further information.

There being no further business the meeting closed at 9:35pm.

- c Brickworks: members approved the latest newsletter prepared by the clerk and thanked Mr Whatman for his offer of distributing it to the parish. The clerk had sent the letter objecting to the Waste Management Licence application to the Environment Agency and had enclosed all the letters to the EA and held on deposit by the council together with the original signed petition sheets. Copies of all these had also been sent to ABC and KCC. All had been sent via registered post.
Damian Green MP had forwarded to the parish council a copy of his letter objecting to the application. He also sent a copy of the EA's reply.
Ann Murray reported that she had contacted the Kent Wildlife Trust. A wildlife survey of the site could not be carried out until the summer months.
The council was proceeding with the possible listing of the chimney.
- d Printer: following last month's meeting, the clerk had investigated several multifunction machines and their prices. Currently Staples would be the cheapest taking into account an 20% discount offer available on 18 and 19 October. After this PC Works Business was the cheapest. The clerk was instructed to make the purchase.
- e Photocopier: this had failed. The clerk had requested Kent Business Equipment to effect repairs as a matter of urgency.

 - a. Brickworks: Andrew Wickham reported that Ashford Borough Council seemed to think they would be the determining authority for any further applications with regard to waste recycling operations on the site. The Environment Agency had given the impression that they were uncertain of how they would decide the application. Ann Murray reported that she had personally written to Mr Mortimer of ABC's legal department and that his reply conflicted with that she had personally received from Mr Davies in the planning department. The clerk reported that she understood that KCC were looking into the background of the application to see if there was any further information to assist them in their assessment of the matter. The clerk further reported that she had been offered the contact name of a more senior officer within the EA and asked if the council wished her to write to him. Members thought that this action should be held over until the next meeting of the Brickworks sub-committee.
 - b. Street Cleansing Barrow. There was nothing further to report, the clerk still waiting to hear from Mr Heasman.
 - c. Victoria Cottages. The clerk had written to ABC asking them to action the rubbish clearance opposite the cottages. Andrew Wickham reported that currently Kent Highways had decided not to go ahead with the siting of verge posts in the area.
 - d. Hog Fair. There were still some advertisers who had not yet paid. Alan Davies had contacted them. The clerk would send statements.
 - e. Halloween. This had passed off relatively quietly. The Black Horse was closed and, as it was a Sunday, the last train left early. The main areas of concentration this year were Dering Woods, St Mary's ruin, Little Chart, and various farmyards. The clerk had written to Weald Police thanking them for attending.

- b. Appointment of a new independent auditor. This was considered briefly, but then passed over for discussion at a later date.
 - c. Salaries and rents for the year 2005/6, precept for the year 2005/6, and the council budget for the same year. Figures having been passed to all members prior to the meeting, the subject was discussed at length.
 - i. Rents: It was agreed that the Cricket Club rent be raised to £200 per annum, payable in half-yearly instalments and that the Tennis Club rent for the courts be raised to £60 per annum.
 - ii. Salaries: It was agreed to increase all salaries by 3%. i.e. Clerk to the council from £8.50 to £8.76 per hour; David Heasman, street sweeper, from £5.60 to £5.77 per hour; and Sue Exell, village hall caretaker/cleaner from £92.70 to £95.48 per month.
 - iii. Budget: It was agreed to earmark £5,000 for village hall improvements, a further £2,500 towards the Sports Pavilion, and £2,500 towards playground and skate park improvements. It was noted that, while the clerk had notified that although £874 had been budgeted for from ABC towards the cost of street cleansing, Ashford would only contribute £700 – the same as for the previous year, and that they would only agree to contribute £775 for the following year. The clerk asked members to note that there was no provision for contingencies
 - iv. Precept: it was agreed to request a precept of £16,000 for the year 2005/6 on the understanding that at least £1,100 would be received from ABC towards the payment of concurrent functions. The clerk was requested to bear this in mind when completing the precept forms and adjust the precept requirement according if a significantly reduced sum was offered.
- 9 The RoSPA report was considered and it was agreed that Ann Murray would liaise with the clerk over various works needing attention. It was further agreed that, once spring had arrived, the edges of the rubberised surface would be highlighted using a spray paint. It was also agreed that Laurence Fisher would be asked if he would regularly strim around the playground area. Janet Gwillim would contact Mr Fisher.
- 10 Ann Murray's suggestions for general village maintenance were considered at length. It was suggested that, once again, an advertisement would be placed for a maintenance person/groundsman although it was noted that this would have to be either a contractor or self-employed person if they were to be expected to use any machinery to avoid Health & Safety Regulations. It was also noted that no provision had been made in next year's budget for such an employee. It was resolved that:
- a. Ann Murray would liaise with the clerk regarding strimming the bank below Shepherd's Hey.
 - b. Janet Gwillim would ask Ms Mannouch if she would trim the hedge at 2 Shipland Houses. The clerk was requested to first write thanking her for the recent tidying up done on the bank below.
 - c. The clerk was requested to contact Kent Highways to see if the potholes on the entrance to Church Gates could be repaired.
 - d. Concrete posts and rails at Shipland footway: the clerk would contact Highways to see if this could be included in their works schedule. She would also remind them that the railings outside 12 Shiplands Houses had still not been repaired. James Ashby offered to clear away the fallen leaves from those steps.
 - e. Pothole in hall car park. Since this was not part of the highway, Janet Gwillim would ascertain the cost of asphalt from Wickes.
 - f. Village Hall signs: the clerk would chase up ABC with regard to sign-posting the hall.
- 11 The proposal from Little Chart Parish Council that Pluckley co-ordinates its annual village clean up with Little Chart and Egerton next year to try and coordinate activities was considered and it was agreed that it was a good idea. The clerk would liaise with Egerton and Little Chart. Suggested dates were Saturday 19 March (preferred) or Saturday 2 April.
- 12 The clerk requested that Standing Orders be re-numbered to correct the error incurred when the additional requirements relating to members interests were included. This was approved.
- 13 The clerk had received notification by fax that an election would be held for the vacancy of parish councillor. It was likely that this would be during December. The clerk would notify all members and advertise the election as soon as she had the details. All members would do what they could to encourage residents to stand.

- 14 Appointment of a member to the vacancy left by Simon Crookston with regard to selling advertising space and links on the village website. This was deferred until the next meeting
- 15 Village Christmas tree. With the current closure of the Black Horse, who previously provided the electricity for the lights, it was thought that Deborah Smith might be prepared to allow a line into her property. Janet Gwillim would contact her. It was agreed that the council would pay for the electricity. The lights previously used had been donated by the Black Horse. New lights were needed. Andrew Wickham had a catalogue and would pass this to the clerk as soon as possible. The extension cable was the property of Alan Davies. He was prepared to lend it again.
- 16 The suggestion that a regular 'surgery' for residents to meet with councillors was discussed. It was agreed that a pilot scheme lasting 3 months would start Saturday 15 January from 9:30 to 10:30am in the village hall.
- 17 The clerk reported on various actions she had taken on behalf of the council. She would be attending a SLCC training day on Friday 26 November at Harrietsham, and a Licensing information evening on 23 November. Following the installation of broadband on the council's computer, she had updated the firewall program at a cost \$41.07. Staples had another 20% discount day later in November and the clerk proposed to purchase paper and printer cartridges at that time.
- 18 Parish matters:
 - a. Mrs Kettle had written complaining about the overgrown hedging at Westfields. The clerk reported that Highways had attended and did not consider that there was a problem. The clerk was requested to write to the residents reminding them of their duty to keep the bushes under control. She was further requested to copy the letter to Mrs Kettle.
 - b. It was noted that a new garden wall in the school front garden had been knocked down. This had been reported to the police.
 - c. Andrew Wickham reported that he had made ABC aware of the potential situation at the Pinnock regarding the field under new ownership. Ashford were currently reluctant to set a section 106 restriction on the site.

 - b. Trafalgar Weekend: 21 to 23 October 2005

A letter from Hothfield PC had been received in which they offered their support. Jackie Grebby was instructed to write to Hothfield thanking them and suggesting that they correspond with ABC, KCC, and the EA opposing the project. She was further instructed to alert Hothfield to the fact that if the facility went ahead then, although the preferred lorry route was via Charing, Hothfield would inevitably see an increase in such traffic.

The clerk was further instructed to write to

- 1 Ashford Borough Council, Mark Davies asking how the Environment Agency had replied to ABC's letter of objection
- 2 Ashford Borough Council and ask whose responsibility it is to request an environmental impact study/survey and if such a survey had been carried out.
- 3 Kent County Council and ask if they consider the discrepancies between the CLOPUD and the Working Plan V4 important.
- 4 The Environment Agency inquiring if they are satisfied with the suggested procedures within the Working Plan

It was agreed that Janet Gwillim would consult with Paula Malpeli to see if she thought that the discrepancies between the CLOPUD and the Working Plan V4 should be discussed further with a barrister. There had been further offers of funding if another meeting with a barrister took place.

It was agreed that a follow-up on the radio should be encouraged, stressing that a similar situation can arise anywhere in the country that had a class B2 licence. Mike Whatman had the contacts and would report back to the committee as soon as possible.

Date of next meeting: Thursday 16 December, 8pm. Dering Arms.
